

Capabilities

Assembly, Wiring & Piping Facilities
Finishing & Painting Facilities
Contract Manufacturing & Equipment
Production Facilities
Installation & Integration

Machine Shop Equipment

- CNC Machining Centers
- CNC Turning Centers
- Vertical Milling Machines
- Conventional Lathes
- Surface & Cylindrical Grinders
- Radial, Single & Multi-spindle Drills
- Automatic Cut-Off Saws
- Cold Saws & Bandsaws
- Hones, Keyseaters & Sanders
- Heat Treating Furnaces

Fabrication Department

- MIG, TIG & Heliarc Welders
- Spotwelders
- Ironworkers
- Hydraulic Forming Machines
- Shears, Brakes & Forming Rolls
- Overhead Cranes

Quality Control Department

- Coordinate Measuring Machines with Computer Printouts
- Comparators & Gauging

Engineering Department

- Concept Development Consultation
Mechanical & Controls
- Computer Aided Design
3D Modeling
Mechanical
Electrical
Hydraulic
Pneumatic
- Control Software Development
- Computer Programming
- Machine Design
- Project Management
- Reverse Engineering
