

Remanufactured Case Packers

Park Place Packaging

A Leader in Remanufacturing Pak-Master Wrap-Around Case Packers

Park Place Packaging supplies completely remanufactured Pak-Master Wrap-Around Casers and Infeed Systems at a substantial savings over new machine prices. Machines may be supplied from our inventory or sold in trade for existing models. Remanufactured to suit application and customer requirements; from simple Tooling Replacement to complete Mechanical Rebuild, Hot Melt System, and new PLC Electrical Controls. Touch Screen Controls and Servo Drives are also available. Case Packers Durably Built for Decades of Production and Return on Investment.

Examples:

Pak-Master models PM-1, PM-II, PM-III, PM-IV and PM-V
All models of Park Place Case Packers.
